

## VISUAL Manufacturing®

### Announcing the 2006 Canadian VISUAL Manufacturing User Group Regional Meetings

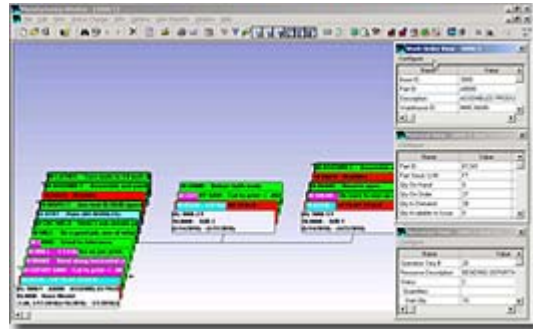

Shop9000 is pleased to announce this year's series of half day regional user group meetings being held in Montreal, QC; Ottawa, ON; Vancouver, BC; and Calgary, AB. Our regional user group meetings provide our customers with the opportunity to hear about new product features and new business practices that can help you to maximize the benefits of your VISUAL Manufacturing investment.

Learn about the new VISUAL product release 6.5.2 that provides improved functionality, improved Microsoft integration, and improved ease of use, including an in-depth look at VISUAL 6.5.2, the VISUAL future release product roadmap, and new manufacturing production strategies to help you improve your business performance.

We encourage you to register early to secure your seats for this complimentary event.
