

VISUAL Manufacturing

Announcing the 2006 Canadian VISUAL Manufacturing User Group Conference

This year's user conference features 16 informative sessions that will help you to maximize the benefits of your VISUAL Manufacturing investment. From the latest VISUAL product releases and future direction to practical deep dives into individual product modules, this year's conference is not to be missed.

Infor and Shop9000 invite you and your staff to this one day, information-packed event. The entire day, including a cocktail reception, is provided compliments of Infor and Shop9000. We encourage you to register early to secure your seats for this event.
